Customer No.: 020988

**PETITION TO WITHDRAW THE HOLDING OF ABANDONMENT**  
**UNDER 37 CFR 1.181**  
**BASED ON FAILURE TO RECEIVE AN OFFICE ACTION**

Commissioner for Patents  
PO Box 1450  
Alexandria, Virginia 22313-1450

Sir:

According to the Public PAIR a Notice of Abandonment has been mailed on May 16, 2006 in view of Applicant's failure to respond to an Office Action which was due on January 6, 2006 with a Final Extension Term of April 6, 2006 as set forth in the Office Communication mailed on October 6, 2005.

Following a search of the file jacket and docket records, Applicant respectfully submits that the Office Communication was never received by the Applicant or his Representative.

Every document that is received by our firm goes through the Mail Department. The Mail Department is responsible for entering every deadline before the mail is dispatched to the appropriate Agent. Thereafter, the Agent verifies that the entered deadlines are correct. Two deadline dates are entered for every Office Letter received from the United States Patent and Trademark Office: deadline that is allotted by the USPTO, and the six month Final Extension deadline. Based on a mailing date of October 6, 2005, the

three month deadline for responding to the Office Action was January 6, 2006. Enclosed in Annex A is a printout of all deadlines that were entered by our Mail Department for the three day period from January 5, 2006 to January 7, 2006, with the line where the non-received Office Communication would have been entered had it been received and docketed, highlighted in yellow. Also enclosed is the list of deadlines entered in our system for U.S. Patent Application No. 10/825,139.

Applicant believes that no fees are associated with this Petition, however, should a fee be required, the Commissioner is hereby authorized to charge same to our Deposit Account No. 15-9113.

In view of the above remarks, Applicant respectfully requests that a new Communication Letter be mailed by the Commissioner and that the Holding of Abandonment be withdrawn.

Respectfully submitted,

HENRY BUIJS et al.
